Yo, what's up baby?  
I don't see no sign on my door  
That says it's closed, so

Step in my room 'cause I got a little something for you  
baby  
In my room and I know you're gonna like it baby  
Step in my room 'cause I got a little something for you  
baby  
In my room

Finally we're all alone  
So lock all the doors and unplug the phone  
Hey, I wanna take you where passion lies  
Girl you want my lovin' and I can see it in your eyes

Baby don't hold back the feelin'  
Just bring that body to me  
And I'm gonna give you everything you need

Step in my room 'cause I got a little something for you  
baby  
In my room and I know you're gonna like it baby  
Step in my room 'cause I got a little something for you  
baby  
In my room

In my room  
In my room, yes

Makin' sweet love 'til morning comes, yeah  
Still lovin' you after it's said and done, oh yeah  
And doin' those things you want me to do to you baby,  
yeah  
Like goin' down on you by the fireplace, hold on

Baby don't hold back the feelin'  
Just bring that body to me  
And I'm gonna give you everything you need

Step in my room 'cause I got a little something for you  
baby

In my room and I know you're gonna like it baby  
Step in my room 'cause I got a little something for you  
baby  
In my room

Hey there lady, you drive me crazy  
Sexy lady, you drive me crazy, oh baby  
Step right in my room

Step in my room 'cause I got a little something for you  
baby  
In my room and I know you're gonna like it baby  
Step in my room 'cause I got a little something for you  
baby  
In my room and I know you're gonna like it baby

Step in my room 'cause I got a little something for you  
baby  
In my room and I know you're gonna like it baby  
Step in my room 'cause I got a little something for you  
baby
