Bright nigh, city lights and a city that never sleeps  
Loud music and talks people where all the party sings  
I saw a girl and I nodes that she nodes me  
â€¦ then she told me all about her dreams  
And we made love in a taxi cab, reminded me of a  
dream I had  
Now the memory's like a photograph and I can't get her  
out of my head

Made love in a taxi cab, taxi cab, taxi cab X 3

And the â€¦ now she's been  
I come alone, come â€¦ what she said?  
I come alone, come â€¦ to me

Looking at the rear view she said to me let go and be  
free  
Then she told the driver mind his business and then  
â€¦ me  
Then I told her which is 15 minutes from my home  
But she didn't stop, she kept saying it feels so  
incredible wrong

And we made love in a taxi cab, reminded me of a  
dream I had  
Now the memory's like a photograph oh baby girl, and I  
can't get her out of my head  
Last night we made love in a taxi cab X 3  
And the â€¦ now she's been

And all have been so soon, girl  
I didn't even get a name, â€¦ don't â€¦ got a room  
It was like a hotel room, â€¦ people love the best â€¦

And we made love in a taxi cab, reminded me of a  
dream I had  
Now the memory's like a photograph oh baby girl,  
photograph baby, and I can't get her out of my head  
Last night we made love in a taxi cab X 3  
And the â€¦ now she's been  
The girl's meant for me

We made love in a taxi cab, taxi cab, X 3  
That we made love in a taxi cab, reminded me of a  
dream I had  
Now the memory's like a photograph, and I can't get  
her out of my head.
