Girl, you just don't know
Last night was incredible
Yes
Check it out

Last night I felt the skies
Open up and rain down Heaven
Last night I felt the sun
The moon and stars come together

Last night I heard an Angel
Speak to me and said "Us forever"
And while we were makin' love
I saw visions of a tropical river, last night I

Touched a dream
(You were here with me, last night I)
Touched a dream
(Girl, you fulfill my fantasy)

Touched a dream
(Said we rewrote the book of love-makin' history)
Touched a dream
(Last night you brought my dreams to reality)

Now last night, I coulda sworn
I saw an eagle spread his wings
Last night I heard a mass
Quietly lift their voice and sing

Last night I saw the world
Livin' in peace and harmony
While we were makin' love
Felt my soul being set free, last night

Touched a dream
(You were here with me, last night I)
Touched a dream
(You fulfill my fantasy)

Touched a dream
(I said we rewrote the book of love makin' history)

Touched a dream
(Oh yeah, girl, you brought my dreams to reality)

After the rain comes the rainbow
The sun will shine now even though it's cold
Oh, yes it will
And mother nature guarantees it, yeah

Jumped the mountain and touched the sky
Over the sea baby, we can fly
When we make love I see the flowers the trees, the
birds, the bees
Last night I touched a dream

Touched a dream
(Yeah, you were right here with me)
Touched a dream
(A dream)

Touched a dream
(You fulfill my fantasy oh baby, yes you did))
Touched a dream
(Said we rewrote the book of love-makin' history)

Touched a dream
(Girl, you brought my dreams to reality, yeah)
Touched a dream
(There's nothin' when you are lying next to me)

Touched a dream
(You fulfill my fantasy, yes you did)
Touched a dream
(And baby we rewrote the book of love-makin' history)

If I ever I have a dream
A vision of you right there with me
I know you're my love making queen
And I am your love making king
Let no man or woman come between
What God has given you and me

The laws of reciprocity
The gift of amorocity
Provided us with food to eat
Fills our vacancies
Put together the perfect chemistry
Forever anniversaries

You're the root to my tree
I'm a branch you're a leaf
The apple carrying my seed

Fall, winter, summer, spring
That's why I ain't gon' let the Devil
Steal my joy from me 'cause I done

Touched a dream
Touched a dream
Touched a dream
