I was riding in my car one day  
In the express lane rollin on the freeway  
And suddenly the phone rings then I  
Reached down beside me then i look  
On the floor felt on the backseat  
See I was drinking while I was driving  
Never thinking bout what I was doing  
I turned around and before i knew it  
Here comes this truck now

Doctor said don't think he gonna make it  
Family said make the funeral arrangements  
Unplug the machine he's gone now  
Then told my wife to be strong now  
Then a small voice said told me  
If you promise to stop drinking  
I surrendered on that day  
Now for ten years i've been straight

You saved me [4x]  
Gave me a second chance  
You saved me [3x]  
You saved me

Now i've been sitting in this chair  
Waiting on the phone to ring  
Praying up to God that someone will call  
Me with a job opening  
Cause it's been so hard for me  
Month to month struggling to eat  
But still there was no answer  
I stop believing in his word and  
Got so mad at him and  
When somebody said God's good  
I just laugh at 'em

But in the nick of time his blessing  
Rain on me  
By his grace the phone ring  
A lady said were hiring and  
That's when I knew

You saved me [4x]

Now i was 18 out there on the block  
Selling drugs  
With a gun at my waist  
And for people I had no love  
See the streets was my home  
Family and friends were all gone  
Had no one to trust  
And deep inside i was all alone  
And a deal went bad one day  
And it was enough to pause me  
I was shot 4 times and before i  
Knew it I was on my knees

Blood pushin out my body  
My heart's beating faster don't know what i'm gonna do  
I don't think i'm gonna last then  
I began to flash back on the things  
I done in my past  
Then I heard a small voice that said  
I'll give you peace if you believe  
I accepted Christ that day  
Halilujah now i'm free

You saved me [4x]

I was in the aisle of the grocery store  
With a pain in my chest and I'm wondering  
Where did it come from (I got tested)  
And the results came back  
And the doctor said i'm sorry but u got cancer  
I could not beleive it so  
I call my mama to calm my nerves

(mama) she got down on her knees  
(mama) she said a prayer for me  
(mama) just keep on thanking Jesus  
(mama) he'll give you what you need  
(thank you Jesus)  
Now that was five years ago  
I don't have that pain no more  
Doc said you can go home  
Cause all your cancer's gone

You saved me [4x]

You saved me (said you saved me)  
You saved me (but you saved me)  
You saved me saaved me  
Gave me a second chance (second chance)

Halilujah saved me  
Saved me saved me  
Wooooooh You saved me

You gave me it was by grace You saved me  
I'm so thankful that You looked down on me  
Saw me standing there  
I was at the end of my rope no where to go  
And you gave me

No where to go (and you saved me)  
I was down and out 2  
I was doing drugs 2  
I was running the streets 2  
Never felt love  
I was wilding out  
You saved me  
You stepped in ooh save me

You saved me
