One, two, three, four

I be's, I be's, I be's the baddest in the business
Givin' you more than Demi, keepin' Stevie superstitious
No shit, I'm vicious, hot like the kitchen, nigga
Introduction, Steff B's my cousin

Lately I've been wondering what the hell is goin' on
Off up in Vegas 'cuz every time I turn around
You're telling me that's where ya got to go
Now, I've got mad love for you

But all of the sneaky things ya do
I can't take it, oh, no, you're going
In and out of town, some funny shit
Is goin' down, I can feel it, oh

Tell me, what the deal is, what's your business?
See I gotta know what's going on, yeah
Tell me, what the deal is, what's your business?

Oh baby, won't you tell me a junction, junction?
What's your function? Is it your job or is it me?
Open my eyes so I can see, you never call
When you're away, tired of the lonely days, oh, oh

Tell me, what the deal is, what's your business?
See I gotta know what's going on, yeah, biz, oh yeah

I be's the baddest in the business
Givin' you more than Demi, keepin' Stevie superstitious
No shit, I'm vicious, hot like the kitchen, nigga
I'm coming up like the raven

Net's convention, darkish like the pension
Richie, I'm rich and sportin' fear, rocks choking the
wrists
Romantic only when I'm counting G's
Love my enemies, please, nigga's hit them knees

Now, who the fuck you seein' in Vegas every weekend?

Tellin' lies, make me wanna kick your fuckin' teeth in
Peepin' you on the Internet, house in Nevada
Home in Chicago, who gotcha? Strings

Tell me, what the deal is, what's your business?
See I gotta know what's going on, yeah, biz, oh yeah
