Ooh I'm so excited, I can't help it, I'm so fortunate to be here with you girl

And I promise that you are the only one for me out of every single woman in the world, yes you are

And it's so much joy in the things that you do, how you do, when you do those things you do to me

Let us lay down baby and imitate the lifestyles of the birds and bees, mmhm

Heaven must have sent your love to me
'cause when I look at you heaven is all I see
Baby you bring me joy

Chorus

You bring me joy, night and day
Girl you and me should get away
I've got this special hideaway
Where you and me can be alone (lovin' ya body all night long)

You bring me joy, night and day
Girl you and me should get away
I've got this special hideaway
Where you and me can be alone

Ooh baby this love makin' is so good I just don't know what to do with myself, mm

And I'm sittin here thinkin' God 'cause girl he could've place you with somebody else, uh

The way you walk, the way you dress, your smile, your grace, your sex
Girl, tonight nothing's gonna come between us but sweat

Heaven must have sent your love to me
'cause when I look at you heaven is all I see

You bring me joy

Chorus

Baby now that I've got you here with me, I just wanna
break it down
and tell you, what I wanna do, to you

Like a mountain, woo I'm gonna climb up all on top of
you girl
Like a see-saw, I'm gonna be going up and down on
you girl
and like a horsie, ooh I'm gonna saddle up and ride
you girl
Like the river, ooh ooh ooh ooh hoh I can't wait to see
us flowin'
As our bodies shivers, ooh

Heaven must have sent your love to me
'cause when I look at you heaven is all I see

Chorus

You bring me joy, night and day
Girl you and me should get away
I've got this special hideaway
Where you and me can be alone
(I'll be strokin'it baby up and down turnin' yo body all
around)
You bring me joy, night and day
Girl you and me should get away
I've got this special hideaway
Where you and me can be alone
(Wanna hear you say my name yeah)

You bring me joy, night and day
Girl you and me should get away
I've got this special hideaway
Where you and me can be alone
You bring me joy, night and day
Girl you and me should get away
I've got this special hideaway
Where you and me can be alone
