The power of love
The power of love
Listen
Said I
Said I didn't, said I didn't, said I didn't want to fall
in love (didn't want to fall in love)
Oh oh oh oh oh oh oh oh oh
The power of love y'all

Anybody anybody anybody (help)
Anybody anybody anybody (help me)
Anybody anybody anybody (oh yeah)
Listen

I was just mindin my business when
Ms. Prety you came walking
My heart stopped said what is this just
As soon as you started talking
Something happened deep within me (well)
All of a sudden I got this feeling
A chill came from feet to head and then I
Turned away from you and said to myself
This is not supposed to happen brother you've been
hurt too many times before
First I tripped, then I slipped, then I fell

You made me love you
You made me love you babe, made me love you babe
Made me love you babe, (oh Lord) made me love you
babe
Said you made me love you
You made me love you babe, made me love you babe
Made me love you babe, (good Lord) made me love
you babe
You made me love you babe, made me love you babe
Made me love you babe, (said it wasn't in my plans)
made me love you babe
Ooh, look at you

Said you must be one of the top models
Body curved like a pop bottle
Got me sweating like a boxer baby

I done stumbled up on a perfect lady (awww)
Could this be what heaven sent to me
An angel come to set me free
Love has been a stranger to me
And myself keeps telling me that
This is not supposed to happen brother you've been
hurt too many times before
First I tripped, then I slipped, then I fell

You made me love you
You made me love you babe, (oh yes) made me love
you babe
Made me love you babe, (hoo) made me love you babe

Hey you made me love you
You made me love you babe, made me love you babe
(yeah)
Made me love you babe, (aw baby) made me love you
babe
You made love you
You made me love you babe, made me love you babe
(aw love)
Made me love you babe, made me love you babe

Said the power of love you see
Are 10 billion wonders to me (like the moon and stars
above)
There's a whole new world for my eyes to see (yes sir)
So much joy darling you put in me
And now the sun is shining where there used to be rain,
oh Lord
And now no more loneliness, no more hurt, no more
pain

You made whoo!
You made me love you

You made me love you babe, (hoo) made me love you
babe (yes you did)
Made me love you babe, made me love you babe
Hey you made me love you
You made me love you babe, (hey hey hey) made me
love you babe
Made me love you babe, made me love you babe
You made me love you
You made me love you babe, made me love you babe (I
was ma man in my business)
Made me love you babe, made me love you babe
You made me love you yeah
You made me love you babe, (oh) made me love you
babe

Made me love you babe, (yes sir) made me love you
babe
You you you made me love you
You made me love you babe, (yeah) made me love you
