"Hello?"

"Hey, little brother"

"Hey sis, how you doing?"

"Fine, what's going on with you?"

"Oh, nothing much"

"Got your message from earlier this afternoon
And something just didn't sound right
And so I'm calling you back to check on you"

"How you holding up?"

"Oh, everything is fine"

"You know I don't believe you"

"Whatcha saying? You think I'm lying?"

"I'm not saying it but I know you"

"How you know me?"

"'Cause you're my brother and therefore I can tell
When something is troubling you"

"Okay okay, I give you that
Nothing's wrong, I take that back
There is something on my mind
But sis, I don't want to waste your time"

"But I done told you time and time again
Whatever you're going through
You can come and talk to me
And I will say a prayer with you"

"But I done prayed and prayed night and day
I still can't seem to find my way"

"Rob, that ain't nothing but the devil telling you
That you're washed up and you're through
But sister's here to let you know
Boy, you're gonna make it through"

"Sister, do you really believe that I can rise again?"

"Yes, and not only that, Rob
God will forgive you for your sins"

"Can you tell me what to do?"

"Well, first you gotta believe the truth"

"Sometimes it's hard to believe in him"

"That's okay because he believes in you"

The winds, the rain, the storm

The weapons that are formed against us

(I will survive)

The trying times, the sleepless nights

Just know that faith is with us

(And I believe, yeah)

Through all of the hills and valleys roamed

Is that we must come to

(Woah)

Walk side by side, follow the light

And know we'll make it through

(We'll make it through, yeah)

"So, so what you're saying is believe a little more?"

"Yes, 'cause faith is the key that opens up the door"

"What you're saying to me, it's hard to receive

Especially when trouble follows me"

"When we're keeping it real, Robert

Sometimes trouble can follow where you lead"

"Yes sister, I know sometimes, but I"

"Just wait, let me make a phone call"

"To who?"

"A prayer buddy of mine

She can help you tear down your walls"

"I don't want nobody in my business"

"She's a friend and besides you need this"

"You know how church folk can be"

"Boy, I'm your sister, trust in me"

"Mmm"

"Now hold on"

"Maybe she's gone"

"No"

"Maybe we ought to just try"

"Shh shh shh, hello, is Kim there?"

"Yes, I think she's around here somewhere, hold on"

"Now you just let me do the talking"

"Mmm hmm"

"Hello?"

"Hey girl, how you doing?"

"Hey, Kelly"

"My little brother's on the line and needed advice from you"

"Ooh what can I do for you?"

Hello?"

"Go ahead Rob, she's talking to you"

"Oh, well, I know you must be very busy

So I'm not going to mess around, nah

Just telling my sister how my life is upside down

And I don't know whether I'm going left or right half the time

Sometimes think I'm gonna lose my mind, you feel me?"

"Mmm hmm, similar to what I used to go through"

"Really?"

"Yes and sometimes I still do"

"Yeah?"

"See it doesn't matter who you are or where you're from

If you struggle, God will use you"

"Amen sister, what you're saying is so true

Rob are you there?"

"Yes, I'm just listening to the both of you

It's so easy to say but not so easy to do"

"Yes but if you stand the truth, it will free you"

"Oh"

"Just stand strong"

"Stand strong"

"With your head held high"

"With your head held high"

"Said it won't be long, in time he will provide"

"Will he?"

"Yes, he will"

"You just stay in the race"

"Stay in the race"

"And keep on running

And down to the end

For your day is coming"

The winds, the rain, the storm

The weapons that are formed against us

The trying times, the sleepless nights
Just know that faith is with us

Through all of the hills and valleys roamed
Is that we must come to
Walk side by side, follow the light
And know we'll make it through

"He'll give you peace in the midst of your storm"
"Sometimes I feel like it's too late for me"
"But he'll never leave you"
"No way"
"You just gotta hang on"
"Hang on"

"Robert, say a prayer, keep your head
God will do just what he said"
"Finally I think I get it"
"Yes, that's it, that's the spirit"

The winds, the rain, the storm
The weapons that are formed against us
The trying times, the sleepless nights
Just know that faith is with us

Through all of the hills and valleys roamed
Is that we must come to
Walk side by side, follow the light
And know we'll make it through

The winds, the rain, the storm
The weapons that are formed against us
The trying times, the sleepless nights
Just know that faith is with us

Through all of the hills and valleys roamed
Is that we must come to
Walk side by side, follow the light
And know we'll make it through

The winds, the rain, the storm
The weapons that are formed against us
The trying times, the sleepless nights
Just know that faith is with us
