"End Of Time"

I've woken from darkness with passion
You're surely to blame for it
This torture so wicked
You hurt me just for the hell of it

'Til the end of time
The end of time
You will be mine

You want me, I need you
Don't ever say that it cannot be
You're wondering, I'm dreaming
I hope and pray that you'll stay with me

'Til the end of time
The end of time
You will be mine

Love don't play be rules so
Ignore the world when it cannot see
Feels strange now, I'm chained now
It's only you that can set me free

'Til the end of time
The end of time
You will be mine

I sit in the dark and, and wonder
Wonder what might have been
Alone now forever no sweeter pain
Than those memories
