i used to get real bored in class

i don't need no politics to make me dance

no rules, no laws, no regulations

no fashion strips, no race relations

(chorus)

i just wanna run around

i don't wanna settle down

politically fashionable scenes

fascist managers dreams  
my politics don't sell clothes

and rights don't sell my songs

if i vote for something its something

its something i can see

give me fun not anarchy

(chorus)
