I hope y'all got y'all playa's card  
'Cause y'all ain't getting in unless ya do

Playa's only where them chicks be checkin' their bodies  
Up in the club where they get real naughty  
They come from here to the private parties

Where there ain't nothing but playa's only  
Where the playa's be spinnin' a lot of do  
Honies got ass bouncing on the flow  
This is how we behind the playa's door

(She on the floor)  
Surrounded by them playa's and thugs  
(She on the floor)  
The girls gone round in the clubs

(In V.I.P.)  
Got drough with a bottle of bub  
(She don't care)  
Shakin' ass just throwin' 'em up

I'd really like to get to know her  
The way she warms her body up  
Now she heated got me heated up  
I can find I really wanna beat it up  
Show her how I hit the bottle and spend it up

You don't gotta worry 'bout being alone  
'Cause tonight we'll be together in my home  
Exit out the club bouncin' our domes  
Got that red coupe matchin' the chrome

Put that body in motion, motion  
And watch it wave like ocean, ocean  
Now break it down and warm it, warm it  
Now bring it up and shake it, shake it

Playa's only where them chicks be checkin' their bodies  
Up in the club where they get real naughty  
Take um from here to the private parties

Where there ain't nothing but playa's only  
Where the playa's be spinnin' a lot of dough  
Honies got ass bouncing on the floor  
This is how we behind the playa's door

I'm still fresh like uh, Impala, uh  
Dre's young guns still ridin' the base drums  
(Chisha)  
Four times platinum hate it or love it, I'm still number  
one

Still in the hood one hand on my gun  
Have my trigger finger still make bitches cum  
I mean the one with the ring and the tounge  
Compton uh, Kelly found her in the slums

Shakin' that rump both hands on the pumps  
In the home with me I'll have your girl yellin', uhhh  
Kell's my bitch drunk but until girlfriend still wanna  
have fun

Pass the blunt let her drink red rum  
Bet she ain't never seen a penthouse at the Trump  
Me and R been around the world  
And we'll give it to you just how u like it girl

Girl you on a mission step in club shuttin' down  
competition  
The way you walk it, talk it, switch it  
And when the doors close handle your business  
Now make your booty go

(Boom, boom, boom, boom)  
Break it down now  
(Boom, boom, boom, boom)  
Bring it up now

(Boom, boom, boom, boom)  
Push it back girl  
(Boom, boom, boom, boom)  
Now shake, shake it, shake it, shake it

Out the club in the coupe to the mansion  
We gone get bent up to the morning  
Layin' back in the chair while you wind it  
Lap dance on me girl bump and grind it  
We gone do it till we drop it  
Until the part stop we gone keep it hot

Playa's only where them chicks be checkin' their bodies  
Up in the club where they get real naughty

Take um from here to the private parties

Where there ain't nothing but playa's only  
Where the playa's be spinnin' a lot of do  
Honies got ass bouncing on the flow  
This is how we behind the playa's door

I like it when you flip that, bump that, roll that  
Shake that, drop that, rope that, make it go clap, clap  
I like it when you flip that, bump that, roll that  
Shake that, drop that, rope that, make it go clap, clap

Playa's only where them chicks be checkin' their bodies  
Up in the club where they get real naughty  
Take um from here to the private parties

Where there aint nothing but playa's only  
Where the playa's be spinnin' a lot of do  
Honies got ass bouncing on the flow  
This is how we behind the playa's door
