"Que te quiero"

Solamente yo queria decirte por si no sabias
Que estoy pensando en ti cada momento
Siento aquellas vibraciones idiomas de 2 corazones
Que aprendieron a amarse del modo ideal, lo nuestro no tiene final.

Coro.

**You and I made a pact with God
and nothing in the world is worth more
that's how this love is, an unbreakable one
I will not get tired of repeating it
you're much more than a great passion
let me tell you that... that I love you.

**You were born beautiful, much more beautiful than any star
that's what you are to me, that's how you are
it seemed a dream, that I could not reach you
and we learned to love each other in the perfect way
you and I are never-ending my love
I live with you and die with you, let me tell you that... that I love you.
