Little King's got it all in the kingdom
What more could we possibly give him?
He's got his eyes on her

for the queen, it has to be perfect
well he tried but it wasn't enough
regret and dissolution
repulse and devastation

your queen is a wonderful liar
its too bad you will never know
your queen looks best in attire
fit for a whore

well he isn't the best with rejection
so he's turns to attack that below
the only one in the crowd he even knows

kill me
take it out my friend
I will always be here for you
so do your worst

"You haven't seen whats inside me"
"You couldn't possibly know"
"what I have become"
"I can't feel anymore"

"This world has ruined me"

Stay removed, for all I care
I can feel it, feel it here
the old wax man flew too close to the sun

burned him away

and I painted a picture of what I thought you'd be
but you come into focus, I see you are different

and I painted a picture of what I thought you'd be
but you come into focus, I see you are different

and I painted a picture of how I thought it'd end
but you come into focus, I see you are different
