Hey little runt  
I'll make you mine  
if not by force  
at least I tried  
we'll be the king and queen of everything  
and we'll watch it burn  
our hearts will beat as one, a living breathing synonym  
and this will hurt, but not for long

you need a little faith  
a little bit of luck  
to keep you occupied  
while we fuck

and you're gone  
all that strength left on the ground  
and can you tell me?  
the colour of love?  
"its nor white, nor black"  
"nor yellow brown as piss"  
"oh, it's ruby red"  
"and it feels like this"
