I dreamt that I was dreaming
and I wish I wasn't me
as it, I'll get further
she exclaimed "harder, harder"
you see the act of dreaming
implies this isn't real
you see, well I was her
a shattered stone will never heal

grow up, grow up
get out, get out my friend
this fucking tower is coming down

the plural of sheep is sheep
the plural of sheep is sheep
why am I telling this to you?
the plural of sheep is sheep
the plural of sheep is sheep
why am I telling this to you?
the plural of sheep is sheep
the plural of sheep is sheep
serene, you scream
but it won't help a thing
so step your pretty self back in line
and march, march my whores
you all have you've sold, your souls
and you belong to me

my gears
my cogs
turning round
and round
but now the fountain is dry
the damage felt is real this time
I know it scares you
at first is scared me too
they're all just as scared you know
