Running around, nowhere to go
You gave me life and gave it meaning
Running around, nowhere to go
Somehow I think you know

Lost in a world you brought me into
Can I live after you
You gave me life and gave it meaning
Is this the way it goes

Can't stop thinking of the day you left
There wasn't even time to catch my breath
How can us be, you're gone from me
The last thing I wanted was for you to leave

Now that you're gone I must move on
Your dreams are my reality
I gotta go, get away
It's time for me to...

Run away now, run away now
Run away, run away
Run away now, run away now
Run away, run away

I feel you somewhere deep inside of me
You've always gained my strength
Running around, nowhere to go
Somehow I think you know

Can't stop thinking of the day you left
There wasn't even time to catch my breath
How can us be, you're gone from me
The last thing I wanted was for you to leave

Now that you're gone I must move on
Your dreams are my reality
I gotta go, get away
It's time for me to...

Running around nowhere to go... (5X)

Run away now, run away now
Run away, run away
Run away now, run away now
Run away, run away

Lost in a world you brought me into
I feel you somewhere deep inside of me
Running around nowhere to go...
(3X)

Run away now, run away now
Run away, run away
Run away now, run away now
Run away, run away

Running around nowhere to go... (7X)
