Verse 1:

Your are my Father, I am Your child  
Would You hold me in Your arms just a little while?  
And let me know how much You care for me  
There's no other place in this world I'd rather be

And when I fall down on my knees and pray  
My heart is captured when I hear Your say

Chorus:

Come with me my child to a secret place  
I love you, I love you, I love you  
Come and find your rest in a secret place  
I love you, I love you, I love you

Verse 2:

Everywhere I turn, everything I see  
Reminds me of the joy that You bring to me  
And I, I need You so don't let me go  
Touch me with Your healing hand  
Tell me that You understand

And when I falter, when I lose my way  
You shine Your Light on me  
And I hear Your say  
(chorus)

And when I fall down on my knees and pray  
My heart is captured  
When I hear Your say  
(chorus)
