Take a ride back in history
Let's review the facts of eternity
To the children of Israel
And the burning sands and the desert heat
Bitter hearts in the wilderness
God saw that they would not confess
With a velvet touch and an iron hand
He dragged them to the promised land
And everything that can be will be
Everything that can be will be

Chorus 1:

Shaken, shaken, shaken, shaken
Shaken, shaken, shaken, shaken
Shaken, shaken, shaken, shaken
God is going to shake the whole thing down

Raise your hands children
Lift them high
Let's join our hearts
Walk in the light
There's a desert there's a wilderness
Seperating us from a better life
See, together we can walk through fire
We can face the flame
We can reach the higher
Ground that wait is the promised land
'Cause only faith and love would stand
And everything that can be will be
Everything that can be will be

Chorus 2:

Shaken, shaken, shaken, shaken
Some things last forever
Shaken, shaken, shaken, shaken
Some things fade away
Shaken, shaken, shaken, shaken
God is going to shake the whole thing down

Everything that can be will be
Everything that can be will be

Chorus 2:

Faith, Hope and Love will last eternally!
