"Calling All Destroyers"

Walking wild at midnight
Breathing like a panther
Holding hands with my love
Dancing like a master
Calling all destroyers
Shadow beach burgundy
Get you high as lightning
Driving in your Porsche coupe
Don't marry Fanny Frightening
Calling all destroyers
Walking wild at midnight
Breathing like a panther
Holding hands with my girl
Dancing like a master
Mixing with the moon maids
Melting with a zip gun
King Kong, bang a gong
All around your boudoir
Calling all destroyers
Destroy
