She was a danger girl
Caught in a safer world
She's an adventurer
Going as the world turns
She was a golden girl
Caught in a man's world
She was a lovely girl
Yet still so alone
Sometimes she would play pretend
But you'd never really know
Shadow of doubt crawls across her face
You cannot see her truth unless she lets you
In this crazy world we live in
She is the danger girl

She was a downtown girl
Lost in a hard core world
She is a standard girl
The last of her generation

Sometimes she would play pretend
But you'd never really know
Shadow of doubt crawls across her face
You cannot see her truth unless she lets you
In this crazy world we live in
She is the danger girl

Sometimes she would play pretend
But you'd never really know
Shadow of doubt crawls across her face
You cannot see her truth unless she lets you
In this crazy world we live in
She is the danger girl

She see's no change in sight
They're watching her decline
She slowly drifts away
Back into the line of fire

Sometimes she would play pretend
But you'd never really know

Shadow of doubt crawls across her face
You cannot see her truth unless she lets you
In this crazy world we live in
She is the danger girl

Sometimes she would play pretend
But you'd never really know
Shadow of doubt crawls across her face
You cannot see her truth unless she lets you
In this crazy world we live in
She is the danger girl
