One, two, three, four!

I said no, no never
We don't go together
Oh, I really couldn't take anymore
Now it's two weeks later
I feel such a traitor
Oh, I let you in my back door

You're the one who's creeping
Rough love's so deceiving
I said never again but here we are
I'm your current sweetness
You're my only weakness
I said never again but here we are

Now, I don't rush in
I bite my lip and let you know
I really like the game you play
I'd be better off without you
But I can't live without you
No, am I ever gonna break away

You're the one who's creeping
Rough love's so deceiving
I said never again but here we are
I'm your current sweetness
You're my only weakness
I said never again but here we are

Yeah
I tried to run but I don't get too far

'Cause I can't let go
I can't take no more
Boy, I want you so
Oh-Oo-Oh

No, I can't let go
I can't take no more
And I want you so
Oh-Oo-Oh

One, two, three, four!

You're the one who's creeping
Rough love's so deceiving (so deceiving)
I said never again but here we are (here we are)
I'm your current sweetness
You're my only weakness
I said never again but here we are

You're the one who's creeping
Rough love's so deceiving
I said never again but here we are
I'm your current sweetness
You're my only weakness
I said never again but here we are

I said never again, I said never again
I said never again but here we are
Never again, never again

I told you never to play that new guitar
