Bridge:

A look at a decade  
That has been made  
Now we see people full of anger & hate  
Their hearts are like the coldest graveyard in the  
cemetery  
Old memories left in their mind  
And old treasures that are still left behind  
They don't give a damn about you  
They're just trying to survive in our society

Chorus:

In this cold-hearted world of ours  
Hateful things run through their minds  
They're so mean  
All they care is about getting the green  
(Yeah) in this cold-hearted world of ours

1st Verse:

I saw a man sitting on the sidewalk  
With a little tin cup  
That had a couple of bucks in it  
Then walked a man with alligator boots  
Just walked by didn't even stare at you  
He should talk  
Back in the day  
He wanted minimum wage  
And his boss wouldn't even give him a good pay  
And just happen yesterday

Chorus x2

2nd Verse:

I went to visit my dad at the hospital  
Here lays a girl dying of AIDS  
She couldn't talk wouldn't even walk  
Sat there afraid  
Of dying someday  
I saw the tears that ran down her face  
She looked up at me  
Her face was all red  
I had to look ahead

Cause I couldn't see the pain  
From a 22-year old

Chorus
