Has diamonds surround by people
As she tries to win over my man again
Keep dreamin sista
Cause you don't miss him
Your just trying to piss me off again Ooh!

Miss fancy
Miss prancing across the room
From a distance she don't miss him
I can see it in there eyes

I guess this is where it begins
You know your about to lose
So stop acting like I'm all confused
Quit thinking that your all high & mighty
When you ain't got nothing right Ooh!

2nd Verse:

Will this ever end?
We can never be friends again
Quit taking my man
And maybe I'll leave you alone Ooh!
