Bridge:

Baby I've been so lonely  
I've had these feelings for awhile  
Smiling for me has been so hard  
When I'm around U

Chorus:

I can't keep my hands off of U  
Even when I try I always lose  
I can't keep  
I'm in too deep  
I can't keep my hands off of U

1st Verse:

What should I do?  
Check my files I've always loved U  
My heart keeps getting broken  
It feel like I'm choked  
When I'm around U

Chorus x2

2nd Verse:

I'm not being phonie at all  
I have to keep climbing up the branch  
To even to get to your heart  
This is just the start of our love  
Ooh boy you it's true

1st Verse
