Chorus:

Could this be love at 1st sight
I've had a feeling everynight
This is love at 1st sight

Bridge:

Ever since I saw you
My heart's been beaten
From the start I knew
Nothing can take apart our love
I'll be true to you
If you be true to me
My baby

Chorus

1st Verse:

The way look at me
Feels like I'm going to choke
Everyone says were not meant to be
I don't believe them
Do you sweetie?

Chorusx 2

2nd verse:

Love at first sight
(Feels like it for me)
Every night
(I think about you)
Do you feel the same
(Tell me if it's real)
Could it be
