I stand before you, accused of many crimes
But I want to believe, that love can still survive
You don't have to say it I don't have to read your mind

To know that emptiness has finally arrived
How was I to know right from wrong?
Words were hardly spoken
So where did I go wrong?

[Chorus:]
Tell me honestly
If you still in love with me
Looking into my eyes, honestly

Words have more meaning if they're said at certain
times
Will i need you now so i can feel the lie?
How would you know it, you won't give me some time
To see if everything could work out you'd be mine

Will I be lost forever but someday I may find
The words that I've been searching for
Or just some piece of mine

[Chorus] [2x]

All the nights I sit and wonder

There must be more to life I'm sure that
Days and years gone by while I am
Living in, living in a lonely feeling

[Chorus]

Tell me honestly
If you're still in love with me
Looking into my eyes, honestly

I stand before you, accused of many crimes
But I want to believe, that love can still survive
