Don't just stand there with those guilty eyes.
If you're gonna pull the trigger
I don't want to hear no alibis.
Don't try to tell me,
It's your heart cross to bear.
Cause I'm the one that's losing,
I'm not going anywhere.

[Chorus:]

If you walk away from love
You're headed down a long hard road
If you're gonna leave me now
There's something you should know
It's gonna take a long, long time
Something you might never find
If you walk away from me you walk away from love.

Was I just dreaming where you acting out a part
Is this the final curtain fallin' on my heart?
So if you're going ohh? then go ahead and leave
Cause I? m not gonna beg you
Or get down on my knees.

If you walk away from love
You're headed down a long hard road
If you're gonna leave me now
there's something you should know
It's gonna take a long, long time
Something you might never find
If you walk away from me you walk away from love.

Somewhere down the road you'll realize
The love you need was right here all the time
If you walk away?.

It's gonna take a long, long time
Something you might never find
If you walk away from me you walk away from love.

Don't walk away
Don't you walk away from me

Don't walk away
Don't walk away from me oooh.
