Mother moon orion sky  
protect this child although she lied  
she did not know what she was running from  
she did not know why she was hiding

born with treasures from the sun  
but she feared she might be the one  
she did not know what she was running to  
she did not know why she was crying

CHORUS  
away,away  
take me away  
protect this child  
away,away  
show me the way to be myself  
away

radiant her golden breath  
innocence  
could be her death  
she did not know what she was running to  
she did not know why she was silent

diva dies the game is through  
and now it's i who must be true  
i did not know what i was running from  
i did not know why i was crying  
i did not know what i was running from  
i did not know why i was hiding

away,away  
forgive this child  
away away  
show me the way  
to free myself  
away...
