You and me, we wanted it all...we wanted it all...
Passion without pain
Sunshine without rainy days
We wanted it all always...
You and me we reached for the skies
Even if it was high
Never giving in, certain we could win the prize
I should have seen it in your eyes
CHORUS:
Look how all the dreams came true
You see how i've got me
You see how you've got you
And after all just one thing died
A little thing called love
We used to feel inside
You and me [you and me]
We're not like the rest [we're not like the rest]
We once were the best
Back when we were dumb
How did we become so smart
And learn to break each other's hearts
You and me we're not like the rest
We once were the best
Back when we were dumb
How did we become so smart
Cause we almost made it
We almost made it...
You and me we're not like the rest
We once were the best
But not what we've become
Isn't it a crying shame
That we almost made it [that we almost made it]
But we wanted it all
Baby you and me [you and me]
We wanted it all...
