I don't wanna hear about it any more
It's a shame I've got to live without you any more
There's a fire in my heart
A pounding in my brain, it's driving me crazy

We don't need to talk about it any more
Yesterday's just a memory
And we close the door
I just made one mistake
I didn't know what to say when you called me baby

* Don't say good night (bye)
Say you're gonna stay forever
Oh, all the way
Can you take me high enough
To fly me over over yesterday
Can you take me high enough
It's never over

Yesterday's just a memory.
Yesterday's just a memory.

I don't wanna live without you any more
Can't you see I'm in a misery
And you know for sure
I would live and die for you
And I'd know just what to do when you call me baby

* repeat

Yesterday's just a memory away

I was runnin' for the door
The next thing I remember
I was runnin' back for more

* repeat twice
