I was a loner
cruisin' with the wind
I wasn't looking
when you pulled me in
I had to leave you
like I always did
You knew damn well
I'd come again

Now I'm falling
where I've never been
My resistance is wearing thin
Somewhere in the distance
like a long lost friend
Woh woh woh woh, yeah yeah
Lord here I come again

It's been so long
since I've seen you girl
swear I've been
around the world
Every room is
an empty space
in the darkness
I see your face
Woh woh woh
woh woh woh
woh woh woh

When I finally get

my hands on you
tell you what
I'm gonna do
Lay you down
strip you bare
make love to you 'til
the morning comes around

I wasn't looking
when you pulled me in
Woh woh woh woh, yeah yeah

Lord here I come again

Come again, come again
I say Lord

(instrumental)

I wasn't looking
when you pulled me in
Woh woh woh woh, yeah yeah
Lord here I come again
Woh woh woh
woh woh woh
woh woh woh

I wasn't looking
when you pulled me in
Woh woh woh woh, yeah yeah
Lord here I come again
