There's a face in the mirror
And you close your eyes
Much easier to turn away
Than to take a look inside
So you're thinking it's over
Walking away
Let your little world crash and burn
Oh what a price to pay
Didn't anybody tell you
It's not who's right or wrong
Hold the line
Is this what's going on

Where you goin' now
When your world's turned inside out
Isn't love what it's all about
Where you goin' now
When you get to the top of the hill
Gonna be there yes I will

There's a crack in the mirror
There's a hole in the sun
Full moon in the midnight sky
And you feel like you want to run
So you blow out the candle
And you turn out the light then you stumble into
darkness
Do you believe that love is blind
Didn't anybody tell you
It's never too late to try
Hold the line before you say goodbye

Where you goin' now
When your world's turned inside out
Isn't love what it's all about
Where you goin' now
When you get to the top of the hill
Gonna be there yes I will

I'm not talking
About what's good for me
And I'm not saying

How you ought to be
But if there is a message
Shining on through to you
Take a little piece of mind
And let that love light shine
Didn't anybody tell you
It's never too late to try
Hold the line
Before you say goodbye

Where you goin' now
When your world's turned inside out
Isn't love what it's all about
Where you goin' now
When you get to the top of the hill
Gonna be there yes I will
