Polish me and make me new  
Kiss me like I never knew  
I long for your lips to touch mine  
For your hand to fit mine.  
Hit me like a heart attack  
So serious but yet so pleasant I,  
Never felt this good girl  
Never felt this good girl  
I spend each night under the stars  
Formulating constellations for you, for you  
Every minute, every day  
I'm restless in my bed there's room for two, for two

Cause you're everywhere  
Every glance over my shoulder  
Every leaf that hits the ground  
Every moment I'm without you  
I fall apart  
Like a broken piece of record  
I'll repeat all of my plea  
I'm a mess without you darling  
Can't you see?

I wanna learn the gentle way to bite your lip  
Lock the doors to see those hips  
I cannot breathe without you  
I need to know, need to know just how you feel  
My heart is dying, aching for something real  
I need to know, need to know just how you feel

Oh, you got me thinking girl  
I'm down on my knees  
Come on breathe in baby  
This is what I need

Cause you're everywhere  
Every glance over my shoulder  
Every leaf that hits the ground  
Every moment I'm without you  
I fall apart  
Like a broken piece of record  
I'll repeat all of my plea

I'm a mess without you darling  
Can't you see?  
That this is where we both end up tonight

Oh,  
You're everywhere  
You're everywhere  
You're everywhere (Polish me and make me new)  
You're everywhere (Kiss me like I never knew)  
Cause you're everywhere  
Every glance over my shoulder  
Every leaf that hits the ground  
Every moment I'm without you  
I fall apart  
Like a broken piece of record  
I'll repeat all of my plea  
I'm a mess without you darling  
I'm a mess without you darling  
I'm a mess without you darling  
Can't you see?

Polish me and make me new  
Kiss me like I never knew  
Every minute, every day  
I'm restless in my bed there's room for two
