She's the kinda girl that you see in the movies
Seen her in my dreams and now she's standing
Next to me
Down by the shore first weekend of the summer
Got to take a chance and just ask for her number
I wish I had a song on MTV
Cause in a crowded room I'd be the only one she'd
see
She's looking bored now I'm running out of time
I've only got 6 minutes if I'm gonna make her mine

One minute and the earth begins to shake
Two minutes and my heart begins to break
Another minute and she makes me feel brand new
That's just three minutes with you
Four minutes and she's everything I see
Five minutes and she's where I want to be
Another minute everyting just feels so new
I need six minutes with you
Six minutes

She's looking at her watch while the DJ is spinning
This could be the end or it's just the beginning
She's the kinda girl that I want to know better
Reaching for her keys so I guess it's now or never
I wish that I was on the radio
I'd sing her favorite song, she'd be front row at
Every show
The party's lame and now I'm running out of time
I've only got 6 minutes if I'm gonna maker her mine

One minute and the earth begins to shake
Two minutes and my heart begins to break
Another minute and she makes me feel brand new
That's just three minutes with you
Four minutes and she's everything I see
Five minutes and she's where I want to be
Another minute everyting just feels so new
I need six minutes with you
Six minutes

Sometimes I feel like the catcher in the Rye

Sometimes I wish that I could catch your eye
Soemtimes I wish that I could be that guy
Yea! time is passing by
I'm losing my mind
I need one, two, three, four, five, six minutes with you

One minute and the earth begins to shake
Two minutes and my heart begins to break
Andother minute and she makes me feel brand new
That's just three minutes with you
Four minutes and she's everything I I see
Five minutes and she'swhere I want to be
Another minute everyting just feels so new
I need six minutes with you
Six minutes
