Uh oh (x9)
You walk and talk like you some
New sensation
You move in circles you don't need
An invitation
You spend you money you can't
Get no satisfaction
You play if right so you can get the
Right reaction

It wont be long my darling
Pick up the phone nobodies on it!
Where are your friends now baby?
Hol are the ones supposed to be
There for...

You(you)
When your falling down the world slarls
Spinning now
You(you)
When your falling down no it's not all
About
You(you)
When your falling down you
Know IÁ´ll be around
When your falling down
(When your falling down)

Looks out of place when you look
Into the mirror
The truth is buried but the lies are
Getting clearer
Your eyes are lixed your
Smile is so elastic

You gave me roses
But they're all just
Made of plastic

It wont be long my darling
Pick up the phone nobodies on it!
Where are your friends now baby?

Hol are the ones supposed to be
There for...

You(you)
When your falling down the world slarls
Spinning now
You(you)
When your falling down no it's not all
About
You(you)
When your falling down you
Know IÂ´ll be around
When your falling down
(When your falling down)

Smile for the camera everybodys
Looking at you
Smile for the camera if your heart
If full of pressure
Smile for the camera
(Camera camera)
Smile for the camera
It's gonna catch ya

Ahh ah ah (x2)
You(you)
Ahh ah ah
You(you)
You
You
When your falling down the world starts swmming
Now
You (you)
When your falling down no it's not about
You
(You)

When your falling down you know
IÂ´ll be around
When your falling down (When your falling down)
Smile for the caamera everybodys
Looking at you
Smile for the camera if your heart
Is under pressure
