who's that in your chevelle?
is she your girlfriend now?
does she know the hell that comes
and its automatic when your gone.
i feel the fall tonight.
deem me the one denied.
skies come too big too high,
from an understanding crowd to know.
feel bad vibe is coming.
feel bad vibe is coming.
i found the one you tell
keeps all your secrets held.
shes says she cast a spell on the one she wants and
soon she gets.
alls true that i supplied.
filled you with love you like.
i cry now everytime
you go off and dance with girls tonite.
feel bad vibe is coming,
feel bad vibe is coming.
feel bad vibe is coming,
feel bad vibe is coming tonite.
who's that in your chevelle?
feel it come.
who's that in your chevelle?
feel it come.
who's that in your chevelle?
feel it come.
who's that in your chevelle?
feel it come.
feel it come.
feel it come.
feel it come.
