"Roll The Dice"

Standing on the corner where you're trying to forget
How the last few years brought nothing but past regret
The buses aren't runnin' by your place anymore
But you're still there waiting when I told you all of this
before
I told you before
I told you before

Place your bets, roll the dice
Don't dwell on the sacrifice
You're winning, start over
Winning start over

Take your time, roll the dice
Lose it once but never twice
You're winning, start over
Winning, start over

So tear us apart on your internet screen
And Drink a blue ribbon so they know you're with the
Indie Scene
Put a lottery ticket from the store-2-4
And a trip to...
Teach you what it is to be bored
What it is to be bored

Place your bets, roll the dice
Don't dwell on sacrifice
You're winning, start over
Winning start over

Take your time, roll the dice
Lose me once never twice
You're winning, start over
Winning, start over

I've seen the course
(...)
And it's worst
(...)

Place your bets, roll the dice

Don't dwell on sacrifice
You're winning, start over
Winning start over

Take your time, roll the dice
Lose me once never twice
You're winning, start over
Winning, start over
