yeah so I could've done better
Tell the rest to the man on the leather couch
It used to be we'd all stick together
Even when the tie's are weathered out
If you're so unhappy locked inside your house
then maybe just come out

Hey man you could've done better
yesterday is gone or whatever now
And I don't know a way to live forever
And that's not up to me to figure out

If I had to spell it out for you
I'd write it down in my blood
Cause I don't wanna be there when it ends
To be there when the curtains fall
And I don't wanna be there when it ends
To see them as they take it all, it all, from you

Hey man you should've said nothing
After all the words just bring us down
There used to be a lot more coming
And that's the way we all could spend our round

And if I had to spell it out for you
I'd write it down in my blood
Cause I don't wanna be there when it ends
To be there when the curtains fall
And I don't wanna be there when it ends
To see them as they take it all, it all, from you

And if I had to spell it out for you
I'd write it down in my blood
Cause I don't wanna be there when it ends
To be there when the curtains fall
And I don't wanna be there when it ends
To see them as they take it all, it all, from you

I don't wanna be there
I don't wanna be there
I don't wanna be there

I don't wanna be there
When it ends
