Slow down girl youre moving way too fast  
Breaking into my heart, it wont last  
Trust me Ive been there before  
Why wont you listen?  
Oh please. Get over yourself  
Excuse me, I gotta be moving on

Its Her I cant stop dreaming about  
Its Her I wont live my life without  
Cant you see its not so easy?  
To be in love and be alone

Tonight I think Ill waste my time  
And fill my head with lies I wish I could believe  
Trust me Ive been there before  
Why wont she listen?  
I think Im going crazy  
Love was never this hard to play

Could you look me into the eye?  
And Tell me everything is fine  
And youre happy where you are  
When all you know is oh so far away  
And the stars no longer shine  
Like they did the first time we kissed  
Tell me its not too late  
And everything could be the same
