Please, don't wake me up
'Cause I'm in love
You're just the cutest thing

Please, don't wake me up
'Cause I'm in love
You're just the cutest thing
And everyone's jealous of what we do
How did a guy like me end up with a girl like you?

I like the way you move
When it's just me and you
I like the way you move
Let's get down, let's get down

I like the way you move
When it's just me and you
I like the way you move
Let's get down, let's get down
You're just the cutest thing

Lights on
Every thing's exposed now
Displaying imperfections show
How much we love each other
How much we trust each other
And all at once I'm falling faster and faster
How did a guy like me end up with a girl like you?

I like the way you move
When it's just me and you
I like the way you move
Let's get down, let's get down

I like the way you move
When it's just me and you
I like the way you move
Let's get down, let's get down
You're just the cutest thing

Please don't wake me up
You're just the cutest thing

Please don't wake me up
You're just the cutest thing

Please don't wake me up
You're just the cutest thing

Please don't wake me up

I like the way you move
When it's just me and you
I like the way you move
Let's get down

I like the way you move
When it's just me and you
I like the way you move
Let's get down, let's get down

I like the way you move
When it's just me and you
I like the way you move
Let's get down, let's get down
Let's get down, let's get down

You're just the cutest thing
