i jumped in the river and what did i see? * black-eyed
angels swam with me * a moon full of stars and astral
cars * and all the figures i used to see * all my lovers
were there with me * all my past and futures * and we
all went to heaven in a little row boat * there was
nothing to fear and nothing to die * i jumped into the
river and what did i see? * black-eyed angels swam
with me * a moon full of stars and astral cars * and all
the figures i used to see * all my lovers were there with
me * all my past and futures * and we all went to
heaven in a little row boat * there was nothing to fear,
nothing to die * there was nothing to fear, nothing to
die * there was nothing to fear, nothing to die *
