I walk down the staircase,

Magnetic pull.

Back to the other place

That I cannot go.

I'm sending a chopper,

To steal you away.

The pot is full,

Let me take control,

Let me take control.

The pot is full

Of secrets to be told,

Secrets to be told.

Out of orbit

And I always will.

The pot is full,

Let me take control,

Let me take control.

The pot is full

Of secrets to be told,

Secrets to be told
