A child of four
She wanted more
She wanted everything
She wanted boys
But they won't dare
She ran around the playground
Studied their faces
They didn't want to play with her
It never ends
You'll have to starve yourself half to death
You're never with them
Your just a fat girl
A fat girl

A fat girl
A fat girl
(Asoona-shug?)
She never moved
As fast as all the rest
She was the last
Last in the pew
You starve yourself half to death
It never ends
Your just a fat girl
A fat girl
A fat girl
A fat girl
