"No Surprises"

A heart that's full up like a landfill
A job that slowly kills you
Bruises that won't heal

You look so tired unhappy
Bring down the government
They don't, they don't speak for us

I'll take a quiet life
A handshake of carbon monoxide

And no alarms and no surprises
No alarms and no surprises
No alarms and no surprises
Silent, silent

This is my final fit
My final bellyache

With no alarms and no surprises
No alarms and no surprises
No alarms and no surprises please

Such a pretty houses
And such a pretty garden

No alarms and no surprises
No alarms and no surprises
No alarms and no surprises please
