Just as you take my hand  
Just as you write my number down  
Just as the drinks arrive  
Just as they play your favorite song

As the magic disappears  
No longer wound up like a spring  
Before you've had too much  
Come back and focus again

The walls abandon shape  
You've got a Cheshire cat grin  
All blurring into one  
This place is on a mission

Before the night owl  
Before the animal noises  
Closed circuit cameras  
Before you're comatose

Before you run away from me  
Before you're lost between the noise  
The beat goes round and round  
The beat goes round and round

I never really got there  
I just pretended that I had  
What's the point of instruments  
Words are a sawed off shotgun

Come on and let it out  
Come on and let it out  
Come on and let it out  
Come on and let it out

Before you run away from me  
Before you start unraveling  
Before you take my mic  
Just as you dance, dance, dance

Jigsaws falling into place  
There is nothing to explain

Regard each other as you pass  
She looks back, you look back

Not just once, not just twice  
Wish away the nightmare  
Wish away the nightmare

You've got a light  
You can feel it on your back  
You've got a light  
You can feel it on your back

Jigsaws falling into place
