This and that, they must be the same  
What is legal is just what's real  
What I'm given to understand  
Is exactly what I steal

I wormed my way into the heart of the crowd  
I wormed my way into the heart of the crowd  
I was shocked to find what was allowed  
I didn't lose myself in the crowd

Shot by both sides  
On the run to the outside of everything  
Shot by both sides  
They must have come to a secret understanding

New offences always in my nerves  
They're taking my time by force  
They all sound the same when they scream  
They have to rewrite all the books again  
As a matter of course

'Why are you so edgy, kid?'  
Asks the man with the voice  
One thing follows another  
You live and learn, you have no choice

I don't ask who's doing the shooting  
Shot by both sides  
We must have come to a secret understanding  
We must have come to a secret understanding
