Been thinking about you  
Your records are here  
Your eyes are on my wall  
Your teeth are over there  
But I'm still no one  
And you're my star  
What do you care?

Been thinking about you  
And there's no rest  
Should I still love you  
Still see you in bed  
But I'm playing with myself  
What do you care?  
When the other men are far, far better

All the things you've got  
All the things you need  
Who bought you cigarettes  
Who bribed the company  
To come and see you, honey?

I've been thinking about you  
So how can you sleep  
These people aren't your friends  
They're paid to kiss your feet  
They don't know what I know  
And why should you care  
When I'm not there

Been thinking about you  
And there's no rest  
Should I still love you  
Still see you in bed  
But I'm playing with myself  
What do you care?  
When I'm not there

All the things you've got  
She'll never need  
All the things you've got  
I've bled and I'd bleed

To please you

Been thinking about you
