Can you hear them?
The helicopters
I'm in New York
No need for words now
We sit in silence

You look me
In the eye directly
You met me
I think it's Wednesday
The evening

The mess we're in
And ooh, the city sunset over me
The city sunset over me

Night and day
I dream of
Makin' love
To you now, baby
Love makin' on screen

Impossible dream
And I have seen
The sunrise over the river
The freeway
Reminding of

This mess we're in
And ooh, the city sunset over me
The city sunset over me

The city sunset over me
The city sunset over me

What were you wanting?
(What was that you wanted?)
I just wanna say
(I just wanna say)

Don't ever change now, baby
(Don't ever change)

I'd thank you
(I'd thank you)

I don't think we will meet again
(I don't think who will meet again)
And you must leave now
(And you must leave now)

Before the sun rise above skyscrapers
(Before the sun rises over the skyscrapers)
(And the city landscape comes into view)
Sweat on my skin

Oh, this mess we're in, ooh
The city sunset over me
The city sunset over me
The city sunset over me
The city sunset over me
