Uh, uh
Cmon check it

Through steel walls
Your voice blastin on
True rebel, my brother mumia
I reflect upon
You be tha spark
That set the prairie fires on
Make the masses a mastodon path
To trample the fascists on
At fifteen exposed phillys finest killing machine
Boots and mad guns
They pacify ya young
Cause and effect
Smell tha smoke and tha breeze
My panther, my brother
We are at war until you're free

Youll never silence the voice of the voiceless
Youll never silence the voice of the voiceless

Yet tha powerful got nervous
Cause he refused to be their servant
He spit truth
That burned like black churches
Prose and versesa million poor in hearses
Watch the decision of dred scott
As it reverses
Long as the rope
Is tied around mumias neck
Let there be no rich white life
We bound to respect
Cause and effect
Cant ya smell tha smoke in tha breeze
My panther, my brother
We are at war until you're free

Youll never silence the voice of the voiceless
Youll never silence the voice of the voiceless
Youll never silence the voice of the voiceless
Youll never silence the voice of the voiceless

And orwells hell a terror era coming through
But this little brothers watching you too
And orwells hell a terror era coming through
But this little brothers watching you too
Watching you too
