Every official that come in  
Cripples us leaves us maimed  
Silent and tamed  
And with our flesh and bones  
He builds his homes

Southern fist  
Rise through tha jungle mist  
Clenched to smash power so cancerous  
Black flag and a red star  
A rising sun loomin over los angeles  
Yes for raza livin in la la  
Like gaza on to tha dawn intifada  
Reach for the lessons tha masked pass on  
Seize tha metropolis  
Its you it's built on

Everything can change on new years day  
Everything can change on a new years day  
Everything can change on a new years day  
Everything changed on a new years day

Cmon  
War within a breath  
Its land or death  
War within a breath  
Its land or death  
War within a breath  
Its land or death  
War within a breath  
Its land

Their existence is a crime  
Their seat, their robe, their tie  
Their land deeds  
Their hired guns  
They're tha crime

Shots heard underground round the rapture  
Worlds eye captured  
At last is a mexican pasture  
Tha masked screaming land or deathwithin a breath

A war from the depth of time  
Shot four puppet governors in a line  
Shook all tha world bankers  
Who think they can rhyme  
Shot the landlords who knew it was mine  
Yes it's a war from the depth of time

And everything can change on a new years day  
Everything can change on a new years day  
Everything can change on a new years day  
Everything can change on a new years day  
Cmon

Uh  
Wearin the masked scream

War within a breath  
Its land or death  
War within a breath  
Its land or death  
War within a breath  
Its land or death  
War within a breath  
Its land or death

Its land or death (whispered)

Yeaaaaaah  
Uh  
Cmon, cmon, yes, yes, yes

Its war within a breath  
Its land or death  
War within a breath  
Its land or death  
War within a breath  
Its land or death  
War within a breath  
Its land or death
